Vinnie — thank you very much. This is terrific! And Yes, URI work will be the backdrop that BCG uses.

I spoke in length on this topic, with Simondia after last weeks meeting with BCG and the ROchester group and we are both aligned.

Her background working on URI with you, Bob and Matt is also valuable for all of us in moving this forward

Thank you very much!!!

Ginny

Thanks. FYI, I've spoken to Howard Zemsky and also John Maggiore in the Governor's office. We/NYS are willing to contribute \$100K from the URI towards the study, as long as that still of interest. The only string is that we'd like to make sure the scope of work includes some analysis of the URI implementation/impact (to date), which I believe they were planning to do anyway. Thanks, -Vinnie

Yes – I think the “concern” will be can we get to the \$1M

Anecdotally, has the response been decent? I assume so, given BCG is here starting their work this week?

Is there a total yet of how many commitments have been made to fund the BCG study? Thanks, Vinnie
